PLANT RAFFLE

The officials plan to hold the plant raffle again this year. All those who can are asked to bring or send plants to the meeting in Miami Beach to give to the raffle.

The bulk of the plants come from the Commercial Members but if you amateurs have a plant or two you don't mind donating be sure to bring them along. All will be accepted. If you don't plan to come to the meeting send your plants with somebody that is coming. The more plants the more winners.

CONTEST

Can you think of snything more pleasing to our sad old eyes, men, than a delectible and lovely lady all dressed up in a form-fit, flamboyant skirt? Or perhaps a loose shift with a torrid slit up the side past the knee, equally flashy in color?

Ladies, can you imagine the sight of your Herculean Man with his wide shoulders filling to perfection a shirt of rainbow colors?

All members had better bring along an extra pair of dark colored glasses. One pair to wear when the voluptuous bathing beauties are in the pool and on the beach, and the other pair to wear when the AHS holds its first "Loud Shirt, Skirt, and Shift" contest at the Annual Meeting in June.

Bring your loud shirts, skirts and shift dresses and enter the contest. There will be prizes in each category.

WINTER SHOW

Despite the cold weather in December the Winter Show in February was a good success. Even though only two people took all the top ribbons there were a lot of bloom and the visitors to the fair were well pleased with our efforts.

Carver & Roxy's Nursery took all the commercial awards. The single was a "J II" which also took
